## **Special Central Assistance to Scheduled Caste Sub Plan (SCA to SCSP)**

### **1. Background**

1.1 The socio-economic deprivation and disadvantages suffered by Scheduled Castes and Scheduled Tribes led to the decision to adopt measures to close the enormous gaps and reduce the development deficits between these two communities and rest of the Indian population. The need was explicitly recognized in the Constitution of India, which mandated special protection and provisions for SC and ST development. It was in 1974-75 in the Fifth Five Year Plan period that the Government of India introduced the policy of the Tribal Sub-Plan (TSP) and later in 1979-80 in the Sixth Five Year Plan period the Special Component plan (SCP) which was renamed as Scheduled Caste Sub Plan in April, 2006 and renamed as Allocation for the Welfare of Scheduled Caste (AWSC) in February, 2017.

1.2 As per Census 2011, Scheduled Castes constitutes 16.6% of the total population. The people belonging to Scheduled Caste communities are spread all over the country while majority of them i.e. 76.4 % reside in rural areas. The socio-economic development and protection of SCs from discrimination and exploitation has been a high priority from the very start of the planning process.

1.3 The Government of India has adopted a multi-pronged approach for the socio-economic development of the Scheduled Castes: social empowerment through educational development; economic empowerment through income and employment enhancing avenues and integrated development of SC majority villages; protection through effective implementation of protective legislations and eradication of occupations such as manual scavenging; and holistic development through earmarking of funds for the welfare of Scheduled Castes.

1.4 In order to support the States/UTs' Scheduled Caste Sub Plan, the Department of Social Justice & Empowerment is also implementing a Centrally Sponsored Scheme of "Special Central Assistance (SCA) to Scheduled Castes Sub Plan (SCSP)" since 1980 for the development of Scheduled Caste (SCs) who form the major chunk of the country's population living below the poverty line. Under the scheme grant is given to the State Governments/UTs Administrations as an additive to their Scheduled Caste Sub Plan (SCSP) for the benefits of the Scheduled Caste persons.

### **2. Objectives of the Scheme**
