- ii. The Implementing Agencies (IAs) down the ladder should use the SNA's account with clearly defined drawing limits set for that account. However, depending on operational requirements, zero-balance subsidiary accounts may also be opened for the IAs either in the same branch of the selected bank or in different branches.
- iii. All zero balance subsidiary accounts will have allocated drawing limits to be decided by the SNA concerned from time to time and will draw on real time basis from the Single Nodal Account of the scheme as and when payments are to be made to beneficiaries, vendors etc. The available drawing limit will get reduced by the extent of utilization.
- iv. For seamless management of funds, the main account and all zero balance subsidiary accounts should preferably be maintained with the same bank. However, State Government may choose different banks for opening Single Nodal Accounts of different Centrally Sponsored Schemes.
- v. Only banks having a robust IT Systems and extensive branch network should be chosen for opening the Single Nodal Account of each CSS. The bank chosen should have the facility to open the required number of subsidiary zero balance accounts and a robust MIS for handling accounting and reconciliation at each level. The bank should also provide a user friendly dashboard to officers at various levels to monitor utilization of funds by IAs.
- vi. The bank's software system should be able to monitor the drawing limits of the IAs who should be able to draw funds on real time basis from the SNA's account as and when payments are to be made. The selected bank should ensure proper training and capacity building of branch managers and other staff for smooth operation of these accounts.
- vii. The SNAs shall ensure that the interest earned from the funds released should be mandatorily remitted to the respective Consolidated Funds on pro-rata basis in terms of Rule 230(8) of GFR, 2017. Interest earned should be clearly and separately depicted in PFMS, scheme-specific portals integrated with PFMS and in MIS provided by the banks.
